# Pasitos de Jesus

When the Executive Director of Score International, John Zeller, and his wife, Katie, visited the girls' home Pasitos De Jesus in Boca Chica, Dominican Republic, they were so impressed with the girls and the founder of the orphanage that they felt that SCORE should partner with this ministry. Through much thought and prayer, SCORE purchased a building for them, and now helps provide for their daily needs, and supports the girls' home through child sponsorship.

Dalma Florian, started the orphanage to help care for a young girl with Down Syndrome named Charina. When Charina's mother passed away, she had no one to care for her and no place to go. Dalma saw the need to step up and care for Charina and other less fortunate girls. Now she cares for more than 30 girls (ages 1-18) and more keep coming. In addition to serving the girls that live with her, Dalma also accepts and cares for other girls from the community who need temporary homes.

Her ministry is recognized by CONANI, a Dominican organization that approves and supports ministries that help children and adolescents. In talking to Dalma, it is obvious that she has a heart to please God as much with her words as with her actions. Through many generous donations, SCORE helped provide a new residence for the girls—one with more room, new bunk beds, and new kitchen appliances.

Whether it is through the saying that she teaches the girls when they arrive to Pasitos de Jesus (*see the enclosed photo caption*) or through the enthusiasm with which she speaks the Word of God, it is evident that Pasitos de Jesus has changed the present and future lives of these special girls. But the need is still great for girls in the Dominican Republic to have a safe place to live. The ability to support Pasitos De Jesus comes from your financial support, and the money you give helps provide food, Biblical training, school supplies, clothes and uniforms for school, necessities, playground equipment, and additional staff.
